Discussion on the input to add an iron sight category to the pistol. This would be a category for teams that only shoot iron site and not scopes or Red Dots. Recommended to follow the rules set in the program.

ARMS: Any smallbore .22 caliber rifle, NRA rule 3.2 (any safe trigger). Any .22 caliber pistol or revolver, NRA rule: 3.4 (no less than 2 lb. trigger).

3.4 .22 caliber Pistol or Revolver - Any pistol (single shot or semi-automatic) or revolver using a .22 caliber rim-fire cartridge having an overall length of not more than 1.1 inches and with lead or alloy bullet not greater than .23 inches in diameter and weighing not more than 40 grains; barrel length, including cylinder, not more than 10 inches. Trigger pull not less than 2 pounds. Any sights, including telescopic, are permitted with the exception of those sights that project an image on the target. Open sights may be adjustable but not over 10 inches apart measured from the apex of the rear sight to the apex of the front sight. Any sighting device programmed to activate the firing mechanism is prohibited. All standard safety features of the gun must operate properly.

Ruthanne Conner asked about what trophies are given out for the Combo match. In the past it has been a variety of items like T shirts, Blankets, cups. The awards have been up to the discretion of the person running the match. Additionally, the last 10 years awards have been something different that the standard plaque or metal that are handed out at other tournaments.

Note: Bernice wants to be replaced so we really need a new Match Director.

Meeting adjourned 12:10
